

September 9th Announcement:

1. Students of grade 1-4 have done a wonderful job in drawing and taking notes from watching a China video. Thank you for the hard work. And thanks to parents for guiding your child's homework at home, too.
2. Each student from grade 5-8 has assigned a Chinese textbook with a workbook. Please do not write on either one. You should use separate paper to write the answers for homework. And remember to bring both books and your binder to Chinese class.
3. The list of students accordingly with the number of the Chinese textbook and workbook is in the following. Please let me know immediately if there is any mistake. Thanks.
